

No. 15-1874 and 16-1031 (consolidated)

**UNITED STATES COURT OF APPEALS FOR
THE FEDERAL CIRCUIT**

TROY R. NORRED, M.D.,
Appellant,
v.

MEDTRONIC, INC., MEDTRONIC VASCULAR, INC.,
AND MEDTRONIC COREVALVE, LLC
Appellees.

Appeals from the United States Patent and Trademark Office,
Patent Trial and Appeal Board, in Nos. IPR2014-00110 and IPR2014-00395

**UNOPPOSED APPELLEES' MOTION FOR 14-DAY EXTENSION OF
TIME TO FILE RESPONSE BRIEF**

Appellees ("Medtronic") respectfully request a 14-day extension, to and including January 11, 2016, to file their response brief in this appeal. The brief is currently due December 28, 2015. Medtronic has not previously requested or received any extensions of time for this brief. Medtronic has conferred with counsel for the appellant and is informed that the motion is unopposed.

There is good cause for the requested extension. Medtronic requests the extension to accommodate its attorneys' deadlines in pending cases in this Court and others that fall and/or require work during the time to prepare Medtronic's responsive brief. Medtronic's counsel's obligations presently include filing seven other appellate briefs in this Court and other courts in November and December 2015, and presenting oral

argument in other courts in December and early January. In addition, the upcoming winter holidays will limit the ability of Medtronic and its counsel to confer regarding Medtronic's brief.

CONCLUSION

For the foregoing reasons, Medtronic respectfully requests that the Court extend the deadline for filing its response brief to January 11, 2016.

November 16, 2015

Respectfully submitted,
